Mobile overrides (everything else stays the same)

From the mobile summary:

- Frame width: **375 px**
- Header strip: same styles, may stack logo above text if needed.
- Navigation buttons:
 - **Full width** ($\approx 271\text{--}280$ px)
 - Stacked vertically
 - Gap between buttons: **16 px**
- Hero buttons: vertical stack, full-width; keep height 48 px, radius 12 px.
- Testimonials section:
 - Top/bottom padding **32–48 px**
 - **1 card per row**, gap **16–24 px**
- Partner logos:
 - Width **40–50 px**
 - Centered in one or two rows as needed.
- Footer:
 - Height \approx **80–100 px**
 - Elements can stack vertically but keep same padding token (just adapt to feel nice).
